MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM: SA/DCI/IA

SUBJECT: Meeting With Secretary Weinberger,
14 January 1983

25X1

1. I understand that Deputy Secretary Thayer will be in attendance at tomorrow's meeting. You may wish, therefore, despite the below agenda, to touch on a variety of things to bring to his attention.

2. Defense had nothing to suggest for this week's agenda, so the following items are those which seem to be worthy of your attention, given activities in the NSC arena this week. (For your information, I talked to [redacted] last week and emphasized to them the opportunity these meetings provide for them for discussing and passing on new or at least relevant information on Soviet systems of concern to the Department of Defense. It is usually the case that [redacted] will make such items known to us, but it doesn't hurt to have OSWR sensitized.)

-- Middle East.

25X1

-- Jordan/PLO Peace Initiative. In light of Habib's return to the Middle East, you may wish to address the status of the peace initiative. [redacted] provided you the other day a status report on the Jordan/PLO discussions, and we just received press on the results of Arafat's visit to Moscow. Hopefully we will have some hard intelligence on that visit before much longer.

- Soviet Strategy on Disarmament. In light of Moscow's propaganda offensive and the pressure on West European governments to back off INF deployments, you may wish to discuss what the Soviets are up to, particularly what they are likely to do if INF deployments actually come to fruition. You (DCI) will have discussed some of these issues at today's NSPG meeting. Included for your reference are some of the same materials you had for that meeting on West German and other European attitudes and the material provided by [] last week for your meeting with Secretary Shultz. As a related issue, you may wish to mention to Weinberger that [] is convening an interagency meeting tomorrow morning to try to form a community judgement on whether there are in fact two new, heretofore undiscovered, SS-20 regiments. - PFIAB. You (DCI) may wish, if it is appropriate, to pass on to Weinberger some of the items discussed yesterday at the PFIAB meeting.

- Defense Budget Status. In view of the recent reduction in next year's Defense budget, you may wish to discuss which, if any, of our programs might be affected. [] staff has provided some thoughts regarding implications by the NFIP.
